The Property

Three-storey flat with high ceilings and contemporary interiors in a gated courtyard close to Westbourne Grove

Entering the flat on the ground floor, a paved passageway leads through to the main reception room. This room offers exceptionally high ceilings – almost 4 metres – as well as double height windows opening out onto the balcony.

Indoor Spaces

The property is centred round a specially designed staircase with glass bannisters and open steps. This not only connects the different levels of the property, but also provides a stylish feature. The staircase drops down to the lower ground floor via a mezzanine storey with inbuilt shelves.

Downstairs is an open-plan kitchen with connected dining area, as well as a guest loo and utility room. Skylights in the ceiling and a double-height roof above the kitchen create a well-lit, loft-like space.

The Bedrooms

A pair of bedrooms complete this floor, both with ensuite bathrooms and access to the patio. Upstairs, on the first floor, is a third bedroom with ensuite bathroom.

Outdoor Spaces

The property benefits from a lower ground floor patio with enough space for outdoor seating. In addition, it includes a first-floor balcony, while the private entrance adds to a sense of seclusion. What's more, the property is accessed via a courtyard with space for parking and electric gates for added security.

The Neighbourhood

Monmouth Place is a quiet, mews-like street leading off Monmouth Road. Westbourne Grove is a short walk away, with its mix of shops, restaurants and cafes, while Bayswater underground station is also close. In addition, Queensway is currently being redeveloped as a new commercial and residential destination for central London, making this an even more desirable neighbourhood.
